Course Objectives and Learning Outcomes

Graduate students will conduct independent research /thesis project under the direction of the instructor. It is expected that the research will be of sufficient importance and quality that positive results would be publishable. Students should work out a schedule and location to meet periodically with the instructor.

Grade Policy: Students get course credit for the work they do on their thesis research. Students should consult with the instructor regarding grading.

Rice Honor Code: In this course, all students will be held to the standards of the Rice Honor Code, a code that you pledged to honor when you matriculated at this institution. If you are unfamiliar with the details of this code and how it is administered, you should consult the Honor System Handbook at http://honor.rice.edu/honor-system-handbook/. This handbook outlines the University's expectations for the integrity of your academic work, the procedures for resolving alleged violations of those expectations, and the rights and responsibilities of students and faculty members throughout the process.
